Try Dives in the Metrodome's 3 metre deep diving pool.

What happens?

Meet us in the Rigby Bar on the date you've agreed with us. We'll introduce you to your Dive Instructor for the evening who will tell you what will happen. You can also chat to the rest of us about anything you like.

At 8:15 pm you'll go down to get changed and meet your Instructor near the Dive Pool.

She or he will explain to you what kit you'll be using and help make sure you put it on correctly. Once kitted up and clear about how to use the kit, it's into the pool and have a great time.

Sadly the Rigby bar will be shut by the time your TryDive ends. But we hope during the evening you will have had enough opportunity to talk about things and decide if you want to come back to join up or carry on checking out whether diving is for you.

What does it cost?

£10 which includes all your kit hire, access to the pool and a dedicated instructor.

What do you need?

Your normal swimming gear plus a T-shirt - this helps make wearing the dive gear more comfortable for most people.
